

# Background Investigations

## Why are departments choosing to partner with NTN for their Background Investigations?

Discover how our streamlined approach to Background Investigations can enhance your selection process and ensure you hire the best talent for your team.

## Choose NTN for your Background Investigations

Our virtual background investigation services are conducted by retired law enforcement teams and help agencies of all sizes efficiently conduct in-state and out-of-state candidate backgrounds across multiple disciplines.

### Why use NTN:

- Deadline focused: in over 8 years, we have **never** missed a deadline!
- Reduced time to Hire
- Customizable process
- Greater overall candidate satisfaction
- Significant Cost Savings

“—

“Thank you for introducing us to the new Candidate Dimensional report. I had the opportunity to review the report ..., and it indeed provides a valuable overview that complements the detailed background information. The "quick glance" feature is especially beneficial for efficiently assessing a candidate's background. Please do not hesitate to reach out if you need any additional feedback or information.”

City of Medford, OR*

### Tailored to fit

- NTN offers comprehensive background investigation services that can be tailored to your agency's needs.
- Customizable "à la carte" options allow for cost savings based on the level of investigation required.
- Services can be adjusted depending on department requirements, deadlines, and candidate positions.

### The Right Tools and Systems

- Partnered with state-of-the-art systems to capture detailed candidate data.
- Online reporting tools for comprehensive candidate applications, personal history statements, and computerized criminal history reports.
- Tracking options enable investigator teams to monitor activity effectively before and during the investigation process.
- Extensive data foundation combined with experienced interview and documentation techniques.
- Results in a thorough, reliable candidate investigation and detailed report for informed hiring decisions.
